

# Downlight Alfa LED

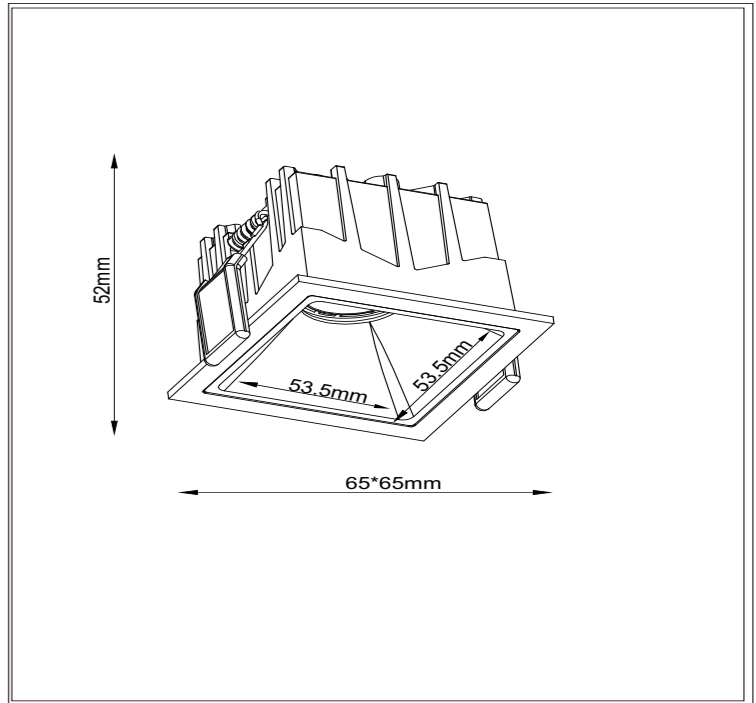

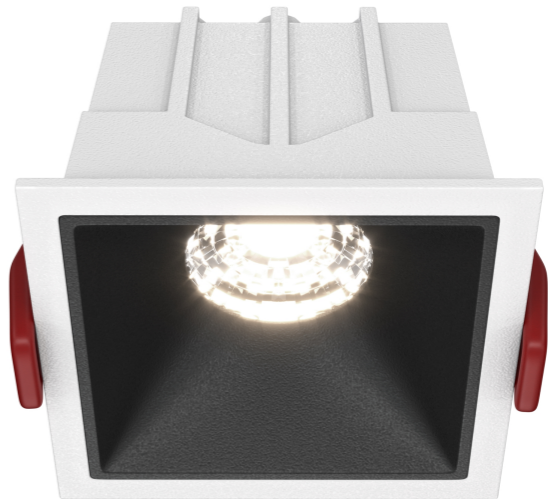

## Make your interior brighter

MAYTONI

Compact ceiling lights are one of the most popular and modern models on the light market. They easily fit into the space of even the smallest interiors and take root in any style. The metal body of the lamp has an accentuated geometric shape (square, cylinder). The neutral color palette, white and black, can be supplemented with decorative reflectors-frames in shades of matte gold and white (sold separately). Replacing the reflector does not require special skills. Energy-efficient LED light sources are reliable and durable in operation, give a soft and uniform luminous flux.

- COMPACT SIZE
- EASY MOUNTING
- SQUARE AND CYLINDER SHAPES
- DIMMABLE MODELS
